

Matt Collection

The tiles from the Matt Collection live up to their name. The matt look of the tiles in this series is unparalleled. The glazed wall tile has a powdermatt look: a serene and monochrome effect that is reinforced by joint colours that are identical to the colours of the tiles. The colours of the wall tiles and the matching floor tiles of the Global Collection series are attuned to each other, resulting in a complete and clear-cut look.

The colours of the wall tiles and the matching floor tiles are fully attuned to each other. The tiles are available in cool grey, warm grey, and warm bright colours, graduating from light to dark. Applied to walls and floors, these colours contribute to a serene and monochrome look. Matching floor tiles come from the series Global Collection.

Service

Sample service

Choosing the right tile purely on the basis of photos can be tricky. You can more easily judge the quality, colour, texture, and the design if you have the tile in your hands. Colour samples and sample folders can therefore always be requested free of obligation via your project adviser, Customer Service, Mosa showrooms, partners, and our website.

Documentation and personal advice

From design to implementation, you can turn to Mosa at every stage of the process for inspiration, production information, or advice. Our website features a wealth of information and resources, including references, brochures, technical specifications, other specifications, and much more. If you would like personal advice, please contact our Customer Service team or project advisers.

Design Studios and distributors

Mosa has its own Design Studios in Maastricht, Amsterdam, and London where designers, architects, and clients can come to experience the look and feel of our entire tile collection. Alternatively, you can go to one of our distributors. Our website will provide more information on the distributors near you.

Any questions?

We set high standards for the advice and support provided to our clients. This means that we actively aim for dialogue and that we are interested in what interests you. This forms the basis for good cooperation. We are happy to contribute ideas and suggestions to make things as easy as possible for you. We are a partner, from the beginning to the end of the building process. Our Customer Service employees and your project adviser are always ready to assist you.
