

Murals Blend

The uniform tiles in the Murals Blend series were designed to be mixed and matched to create a harmonious and vibrant surface. The mix of colour hues, gloss finishes, and formats results in a shimmering three-dimensional look. The character – subdued or expressive – depends on the choice of grid and colour. Harmonious spaces can be created through the careful selection of tiles.

Authentic ceramic walls in complete harmony with the architecture of a building: that is the essence of Murals. The series comprises characteristic tiles in various colours, formats, gloss finishes, and textures. Through unique personal combinations, a creative wall-tile pattern emerges: a mural. A Murals wall is characterized by the layering in multiple dimensions. Murals comprises the series: Murals Blend, Murals Change, and Murals Lines.

The Murals Blend series comprises stonematt and glossy tiles in ten colour groups: from dark anthracite to bright white and brimstone yellow. All colour groups are connected and comprise four colour tones in a variety of formats.
