

Terra Maestricht

Terra Maestricht represents bold earthy hues with strikingly vivacious colour gradations. The flamed dessin and the powder-like structure are characteristic of pure ceramic. No two Terra Maestricht tiles look exactly alike. Every tile has its own subtle colour differences, as is the case in nature. These tiles owe these gradations to the natural striations of ceramic granulate. The combination of different colour mixes ensures a vivacious character and creates optical depth in walls and floors.

Timeless basic tiles with unparalleled and vivacious colour gradations. Terra is a strong classic tile in pure ceramic. Well-known for its matt, powder-like look and flamed dessin. The tile can be used on floors and walls, indoors and outdoors. Terra comprises the series: Terra Beige & Brown, Terra Greys, Terra Maestricht, and Terra Tones. Thanks to the diversity in hues and dessins, each series creates its own look and feel.

From porcelain white to beige and black. The colour palette of Terra Maestricht features sixteen basic colours in modular formats. The expressive colour tones form the basis for interiors and exteriors. The series also includes tiles in more subdued shades such as light grey and warm porcelain white.

Sample service

Choosing the right tile purely on the basis of photos can be tricky. You can more easily judge the quality, colour, texture, and the dessin if you have the tile in your hands. Colour samples and sample folders can therefore always be requested free of obligation via your project adviser, Customer Service, Mosa showrooms, partners, and our website.
